SECTION-A : READING

I. Read the passage carefully and answer the questions: (1×6=6)

Surya loved animals. He always wanted to be in the company of animals and as luck would have it, he found a job in Shadipur Zoo. From morning 8:30 am to 5:00 pm, he was always busy with the tigers, lions, monkeys, snakes, bears, wolves and hyenas and several birds like the peacocks, parrots, emu and the seagulls. Surya was supposed to clean the cages with the help of two attendants. Then he would feed the animals twice a day and supervise the other workers from time to time. His most important job was to notice signs of illness or disease and to promptly notify the doctor.

During summer, Surya's responsibilities increase. He is supposed to cover the cages with jute sacks and make them wet, time and again, to give a cooling effect. The previous summer, the lioness had four cubs. Surya would feed them very easily with the help of milk bottles. The lioness absolutely refused to allow anyone near the cage except Surya. Animals are of loving nature but if they are emotionally upset due to their parents or siblings death they become angry. But all animals in the zoo loved Surya, because he did his job lovingly.

Answer the following questions briefly:
