SECTION A: READING

I. Read the following passage carefully and answer the questions given: (1×6=6)

Alfa was always late to school and missed the school bus often, and then her father would have to drop her to school. She was a brilliant student and always topped the class. But her habit of getting late was disliked by both her parents and teachers. There was no exception on the Sports Day at school. She was the lead runner in the 4x100m relay race. Alfa was an athletic girl and very good on the field. Now, this day as she missed the bus, Alfa realized that she would be late. She was worried as her father was also out of town. She started walking.

She had hardly walked a short distance, when a passing car slowed down and offered her a lift. Alfa jumped into the car very gratefully, but soon realized that she had been abducted. But suddenly she got an idea. She had her brother's toy gun in her bag. She held it firmly and thrust it in the driver's back who suddenly braked. She hit him with a rod which she found under the seat. Then she opened the door and ran for her life. Fortunately, her neighbour saw her and walked her home. Alfa took a promise that she will never be late again.

Answer the following questions briefly:

1. Who helped her to reach home?
