Section A - Reading

I. Read the passage given below and answer the questions that follow: (1×7=7)

Penguins are flightless birds. They have black and white feathers and a funny walk called a waddle.

Penguins huddle shoulder to shoulder with their wings tight against their bodies to keep each other warm. As many as 5,000 penguins sometimes cluster together to warm each other up.

Penguins spend a significant amount of time underwater in search of food. Their main diet is fish although they also eat squid and small shrimp-like animals called krill.

Penguins can be extremely playful. They love to slide on their tummies or dive off cliffs into the water for fun.

Of the many species of penguins, the emperor penguins are the tallest and the heaviest penguins. They grow to a height of about 3 feet and 7 inches and weigh about 35 kilograms.
