International BRICSMATH Competition

Dear Parents,

Greetings !

BRICSMATH is an International online Math Competition for students of K1 to K12. It is an initiative from BRICS Countries – Brazil, Russia, India, China, and South Africa. Vietnam and Indonesia have also been included into the competition this year.

The trial round will happen in August 2021 and the final round of the International BRICSMATH Competition will be scheduled between September and October 2021.

The Competition is absolutely free. No restriction on the number of participants.

According to BRICSMATH, it is recognized by the Ministry of Education, CBSE, Niti Aayog and FICCI. The competition will also put our students in the radar of the International Math Community, to assess their standards internationally.

Parents can register their wards directly, they can do so by logging on to the link below, and the child(ren) can take up the tasks. Using their individual logins and passwords, students can solve the tasks.

The link for the parents to follow : <https://www.tcieeducation.com/bricsmath>

The flyer attached explains the registration procedures.

For more information, please visit www.bricsmath.com or call Ms. Annie Melinda, Business Head, The Crossroads International (+968 90628391; email: annie@tcieeducation.com)

Interested students shall participate and benefit from the same.

Warm regards,

Sanchita Verma
Principal
Indian School Sohar

BRICSMATH.COM+

BRICSMATH.COM+ is a large annual international online mathematics competition for students of grades 1-12 in Brazil, Russia, India, China, South Africa, Indonesia and Vietnam.

The purpose of the competition is to cultivate interest in Mathematics and develop logical reasoning skills, as well as to unite children from different countries.

Preparation for the Competition

5 April - 30 June, 2021

- The preparatory round consists of the best tasks of the past years and provides an opportunity to practice. The results of the preparatory round do not affect the final results of the competition.
- Each participant has the opportunity to solve interactive tasks without any restrictions.
- Upon the completion of the BRICSMATH.COM+ competition, all students and teachers will be rewarded with certificates.

Trial and Main rounds

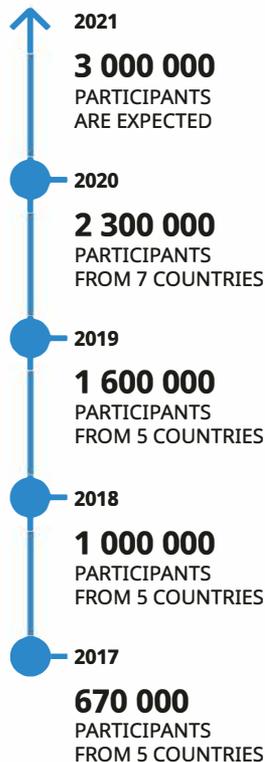

September - October, 2021

How to participate in BRICSMATH.COM+

- Teachers sign up on the website www.bricsmath.com and register their students online.
- Students get their individual logins and passwords from teachers and start solving the tasks on any device connected to the Internet.

PARTICIPATION IS FREE OF CHARGE

Results and rewards

After June 30, 2021, upon the completion of the preparatory round of the BRICSMATH.COM+ competition, your child will receive certificates that will be available in his/her personal account on www.bricsmath.com.

The online format allows every child to take part regardless of their level of knowledge, social and geographical background. For that reason, we would recommend giving every child the opportunity to participate.

BRICSMATH wishes your child (ren) the very best!

Please reach out to annie@tcieducation.com for any clarification.
