SCHOOL TRANSPORT SAFETY

Dear Parents,

- Ensuring the safety of your children during their commute to and from school is of paramount importance.
- Opt for reputable transportation services or school buses that adhere to safety standards and regulations.
- If your child uses a car or van, make sure they always wear their seat belt properly. Children should always use seat belts on the back seat, whenever they are traveling. This is crucial for their safety.
- When boarding or leaving the vehicle, remind your child to stay clear of traffic and follow instructions from the driver or staff.
- Provide the driver with updated emergency contact information in case of unforeseen situations.
- Verify the credentials and background of drivers to ensure they are qualified and responsible.

Warm regards,
